PROFILE

Aspiring Software Development Engineer with strong foundations in Data Structures & Algorithms, web development, and problem-solving. Experienced in building responsive applications and working with real-world APIs. Passionate about writing efficient, scalable code and continuously improving through competitive programming.

EDUCATION

- **Chandigarh University** **2023-27**
B.E. in Computer Science and Engineering, specialization in AI & ML CGPA: 7.36
- **Intermediate (HP)** **2022-23**
Vardhman Mahavir Public School Percentage: 87.0
- **Matriculation (HP)** **2020-2021**
S.V.M.HARIPUR Percentage: 79.85

CODING PROFILES

LeetCode: Solved 70+ problems (actively practicing DSA)

GitHub: <https://github.com/shivanithakur07>

SKILLS

- **Languages:** Python, JavaScript
- **Core Concepts:** Data Structures & algorithms, DBMS, OOP
- **Web Development:** HTML, CSS, Tailwind CSS, REST APIs, React.js, Node.js
- **Database:** MySQL, MongoDB
- **Tools:** Git, GitHub

PERSONAL PROJECTS

TaskMaster – Full Stack Task Management Application **7th June 2025**

- Built a full-stack task management system using React, Node.js, Express, and MongoDB to manage and track user tasks efficiently.
- Implemented secure authentication using JWT, enabling login and signup functionality.
- Developed RESTful APIs supporting CRUD operations and task status updates.
- Designed an interactive UI with priority-based task categorization and dynamic updates.
- Optimized performance using React Hooks and efficient state management.

Weather Monitoring Web App **10th July 2025**

- Built a real-time weather application using OpenWeatherMap API
- Implemented asynchronous data fetching with error handling
- Integrated geolocation for dynamic updates
- Created responsive UI using Tailwind CSS

Tic-Tac-Toe Game **14th September 2025**

- Developed an interactive game implementing game logic and win conditions
- Applied conditional logic and state management
- Designed a user-friendly interface

RELEVANT COURSEWORK

- Data Structures & Algorithms
- Database Management Systems
- Operating Systems
- Computer Networks

CERTIFICATIONS

- Microsoft Azure AI Fundamentals
- SQL Certification

ACHIEVEMENTS

- Participated in multiple hackathons, solving real-world problems in team environments
- District-level Kho-kho player (U-14), demonstrating teamwork and discipline
- Hosted university events, showcasing strong communication skills
